

Komal Gupta

Summary

Result-Driven WordPress & Front-End Developer with 3+ years of hands-on experience in designing, developing, and optimizing high-performance websites. I specialize in WordPress theme customization, layout designing, and creating responsive, user-friendly interfaces that deliver excellent user experiences. I have a strong command of HTML5, CSS3, Bootstrap, Shopify, SEO and JavaScript, along with working knowledge of PHP for custom functionality and enhancements. I am skilled in building clean, modern websites optimized for speed, performance, and usability. I enjoy collaborating with teams and clients to turn ideas into functional, beautiful websites.
